

BRMS Online Benefits Reference Guide

BRMS continues to focus on creating a secure online experience for members to access their health benefits. To protect you from any potential unauthorized access, BRMS is mandating a form of Multi-Factor Authentication (MFA) for all online accounts. These changes will take effect on April 14, 2021.

Vbas.com and brmsclaims.com will be migrating to a new URL, www.myhealthbenefits.com. Users accessing Vbas.com and brmsclaims.com after April 14, 2021 will be automatically redirected to the new URL. All users will need to register for a new account, including validating their email address. Username and passwords created prior to April 14, 2021 will no longer be valid.

REGISTERING FOR A NEW ACCOUNT - BEGINNING APRIL 14, 2021

1. In your web browser, enter www.myhealthbenefits.com.
2. You will be directed to the benefits system login page. All users will be required to go through the registration process to create a new username and password. *Usernames and passwords created prior to April 14, 2021 will no longer be valid.
3. To register for an account, click [Create New Account](#). If you have already registered for a new account, skip steps 4-5.
4. Complete the registration process. You will be required to validate your account with an active email address.
5. Once your email address has been validated, your account has been successfully created. Click [Log In](#) to enter your account.
6. Enter your username and password, and the system will prompt you to validate your identity by entering a code (sent via phone call, text message or email). This second step in the authentication process will be required every time an attempt to access your account is made from a device the system does not recognize.
7. Upon completing the multi-factor verification, you will be taken to your benefits dashboard.
